General Circular No. 6: 2020 – 2021

11th January 2021

Dear Parents,

Wishing you all very Happy and prosperous New Year!

Prolonged school closures in response to the COVID-19 pandemic is presenting an unprecedented challenge to our children's education, health and wellbeing, therefore, the school has decided to reopen the school as per the order and the guidelines of the Government of Rajasthan on 18th January, 2021 for grade 9 to 12 from 09:00 am to 01:00 pm. The school has developed certain protocol measures for self-care and security of your ward. I would like to brief the checklist, which focuses on protective measures such as hand hygiene, physical distancing and use of masks, environmental cleaning and ventilation. The school will take all the precautionary measures as per government guidelines of COVID-19. The SOP (Standard Operating Procedures) will be followed by teachers/Students/employees. They are:

- Proper sanitization from the school main gate and in the entire school premises.
- There will be Paddle/Foot Operated Sanitizer and the Infrared Thermometer for screening the body temperature which is mandatory for every student/ teacher at the school gate.
- Liquid dispensers will be kept in the toilets.
- There will be no assembly/no gatherings/no shaking hands/no close contact with friends and no crowding will be permitted.
- To attend the regular classes, parents are requested to send the scanned copy of the hand-written consent letter of their ward to their respective class teacher, duly signed by the parents (Father and Mother) latest by 13th January 2021. Students must carry a hardcopy of the consent letter on the re-opening of the school.
- It is mandatory that your ward brings her own tiffin box /water bottle/ masks /sanitizer/ stationary items/ text books, etc. to maintain the preventive measures.
- Social distancing will be strictly maintained, therefore, 50% strength of the class will be called for the safety of the students.
- Students suffering from cold/ fever/ cough/ headache/ vomiting/ or any other symptoms, if found, will be sent back home.
- There will be 20 minutes recess which will be in their respective classrooms.
- By 16th January, 2021 the Students - List will be posted in their class group along with the time schedule. The student lists will be strictly followed.
- Mention the roll no. and class of your ward on the mask as a preventive measure. Students will not be allowed to enter into any other classroom.
- Parents and visitors will not be allowed to enter into the school premises during the class hours.
- Kindly follow the norms and the measures so that we can protect our children, for this the management stands in solidarity along with the cooperation of the parents with the Sophian fraternity.

Let us pray for each other so that together we will face the challenges.

Note: No students will be allowed to attend the class without prior consent letter.

School will not be held responsible, if your ward is infected from Covid virus.

Parents are requested to clear all the dues for the smooth functioning of the institution.

Thank you & God bless you!

(Sr. Roseline)
